Welcome to our Curriculum Evening. Thank you for attending this important evening.

Tonight, is all about your child and how the St Aloysius' College community can make further impact on your sons' personal, social and educational journey to their GCSE exams and beyond. This evening will accomplish three important aims for you and your son:

- To further develop and build on a positive and supportive relationship between parents, students and staff.
- To support you, the parent with information that will enable you to ensure that your son achieves the academic outcomes that he is capable of.
- To continue to nurture aspiration in your son so that he can make effective decisions when it comes to his education

We are here for you and your son's education and to use this partnership to work closely together to ensure all avenues of success are taken full advantage of between now and the time your son leaves education at St Aloysius' College.

This booklet contains information on subject curricula and more information that will be communicated this evening.

Should you require any additional assistance or support at any time, please do not hesitate to contact your son's Head of Year.

S Kisten

Assistant Headteacher – Curriculum & Outcomes

Dear Parent/Carer,

A smooth transition from Year 6 to Year 7 is vitally important to ensure your child settles at St. Aloysius' College and continues to make rapid progress.

This booklet and evening is designed to raise your awareness of work and events in relation to Year 7. It is important that you are informed so that you are in a position to support your child as they negotiate their time at school and adjust to this transition period.

The evening and booklet will provide an opportunity for us to inform you of key Year 7 information including:

- Curriculum Structure
- Measuring Academic Progress, including Reports
- School & Home Support Strategies
- Target Setting
- Landmark Assessments
- Homework
- Extra-Curricular Activities

If there are any topics on which you feel you need more information, please do not hesitate to contact us.

We do hope you enjoy the evening and find this booklet useful.

Thank you for your continued support.

Yours sincerely,

Mr J Neville

Head of Year 7

Head of Department: Mr D. Doherty

Head of Department: Ms M. Acquah

Computing and computer technology are part of just about everything that touches our lives from the cars we drive, to the movies we watch, to the ways businesses and governments deal with us. Understanding different dimensions of computing is part of the necessary skill set for an educated person in the 21st century. Whether one wants to be a scientist, develop the latest killer application, or just know what it really means when someone says 'the computer made a mistake', studying computing will provide you with valuable knowledge. Computing requires and develops capabilities in solving deep, multidimensional problems requiring imagination and sensitivity to a variety of concerns.

Head of Department: Mr E. Frazer

Design & Technology is an inspiring, rigorous and practical subject. The course will allow students to learn a wide range of cooking, nutrition and practical skills, as well as opportunities to discuss and consider other wider aspects of design such as sustainability, healthy living and the work of famous designers.

Students will develop key skills and creativity through a range of focused practical tasks, working with a variety of materials, tools and equipment. They will “learn through making”.

Students will be assessed against the four standards of Designing, Making, Technical Knowledge, Testing and Evaluation.

	Autumn 1	Autumn 2
Focus/ Context for Learning	<p>Students will learn about the different graphical techniques used by designers.</p> <p>Drawing Skills:</p> <ul style="list-style-type: none"> • Introduction to basic drawing techniques. • Introduction to CAD/CAM. • Presentation techniques. • H&S/Risk Assessment • Health & Safety poster. • Key words vocabulary 	<p>Students will learn about the application of the principles of structures for design and stability.</p> <p>Structures Project: To design and make a model bridge to support a given span.</p> <ul style="list-style-type: none"> • Research-Architectural designs • Product Analysis • Forces acting on structures • Workshop tools & equipment • Types and properties of wood • Design ideas and specification • Modelling techniques.
	Spring 1	Spring 2
Focus/ Context for Learning	<p>Students will learn about how to build a simple electronic circuit using solder joints.</p> <p>PROJECT: Steady Hand Game</p> <ul style="list-style-type: none"> • System and control • Electronic components • Design ideas/specification • Evaluating/modifying/testing • Types of wood joints • Flow chart for making • Soldering technique 	<p>Practical Focus Task</p> <p>Students will learn about different types of mechanisms that can create movement.</p> <p>Project: Pop-up card</p> <ul style="list-style-type: none"> • Properties of paper and card • Types of card mechanisms • Styles of Writing/Typography • Design and make a pop up card/booklet.
	Summer 1	Summer 2
Focus/ Context for Learning	<p>Project: Cooking and Nutrition</p> <p>Students will learn about the principles of nutrition and health. They will also understand the sources and characteristics of different ingredients.</p> <p>Basic cooking recipe:</p> <ul style="list-style-type: none"> • Fruit salad • Apple crumble • Pizza bread • Bread roll/vegetable soup 	<p>Skills, knowledge & understanding</p> <ul style="list-style-type: none"> • Research/analysis • Knife skills/safe use of kitchen equipment • Evaluating food products • Weighing and measuring • Hygiene and safe procedures for food safety. • Food presentation • Diet and Nutrition/Eat well plate and government guidelines.

Head of Department: Ms E. Doorly

Head of Department: Mrs G. Rimmer

In your study in History during Year 7 you will study the Medieval world through to the Tudor Age. This will provide you with an understanding of how the past has changed over a period of time, what influences changed how people lived and how Great Britain began to expand its influence in different parts of the world.

	Autumn 1	Autumn 2
Focus/Context for Learning	<p>Unit 1: England before 1066, the movement of different groups of people and the influences they had on the developing country.</p> <p>Unit 2: The Norman Conquest and the Battle of Hastings 1066.</p>	<p>Unit 3: The conquest of England, how did King William enforce his rule on England?</p> <ul style="list-style-type: none"> • The Domesday Book • The Feudal system • Castle building
	Spring 1	Spring 2
Focus/Context for Learning	<p>Unit 4: To investigate the importance of religion in Medieval times. Thomas Becket and Henry 11 The medieval Church including monasteries.</p> <p>Unit 5: Comparison of England and other Medieval societies e.g. The Mali Empire, The Ottoman Empire and Great Zimbabwe</p>	<p>Unit 6: The Black Death and the Peasants Revolt.</p> <p>Overview: Change and continuity over the Medieval period.</p>
	Summer 1	Summer 2
Focus/Context for Learning	<p>Unit 7: Introduction to the Tudors: How powerful was Henry V111? Henry V111 and the Church</p> <p>Elizabeth 1: How was she portrayed? The significance of portraits as historical sources.</p> <p>Attacked! The Spanish Armada</p>	<p>Unit 7: The wider Tudor world.</p> <p>The importance of trade</p> <p>What was life like for Black people in the Tudor period? The Renaissance</p>

Head of Department: Ms A. Toprak

Mathematics is a creative and highly interconnected discipline that has been developed over centuries, providing the solution to some of history's most intriguing problems. It is essential to everyday life, critical to science, technology and engineering, and necessary for financial literacy and most forms of employment. A high-quality mathematics education therefore provides a foundation for understanding the world, the ability to reason mathematically, an appreciation of the beauty and power of mathematics, and a sense of enjoyment and curiosity about the subject.

Focus/Context for Learning	<ul style="list-style-type: none"> • Saying where you are going (grammar near future tense) • Saying where you are going (grammar near future tense) • Giving and understanding directions. • Grammar Awareness (imperatives). • Describing locations of places 	<ul style="list-style-type: none"> • Talking about distance. • Talking about what your town is like. • Revision week • Summer Exam. • Talking about the weather. Grammar Awareness (Present tense) • Talking about the weather. Grammar Awareness (Present tense)

Head of Department: Mr T. Graham

Creating music as both a composer & performer is at the heart of all learning intentions. We encourage our learners to engage with this philosophy by participating in the wider context of the music curriculum, through involvement in our 'Music Extra Curricular Program' of which we pride ourselves in both the diversity and inclusive approaches for all children.

Focus/Context for Learning	<p style="text-align: center;">Autumn 1</p> <p>Rhythm, Notation & Melody</p> <ul style="list-style-type: none"> Using basic notation Composing rhythms Performing percussion work Composing keyboard melody Aural test: Rhythm dictation Written test: Notation values 	<p style="text-align: center;">Autumn 2</p> <p>Notation, Melody & Structure</p> <ul style="list-style-type: none"> Basic pitch notation Simple structures Ternary form composition Ternary form performance Aural test: Structures Written test: Pitch Notation

Head of Department: Mr S. Henderson

Core PE is exclusively practical. Throughout key stage 3 all students take part in one double lesson of physical education per week. This adheres to the national requirement of all 11-14 year olds accessing a minimum of two hours of physical education per week. There are also extensive opportunities for students to participate in extra-curricular sport before school, at lunchtime and after school.

We deliver a winter programme that is traditionally games based that helps develop skills such as outwitting opponents, defining roles within team games and moreover a duty of care within a team setting where cohesion and communication are paramount to success. In the winter term there are also opportunities to develop physical attributes such as cardiovascular fitness, muscular endurance, strength and speed along with other important components of fitness.

In the summer term pupils are taught a wide range of athletics disciplines with an equal opportunity to develop in both track and field events. Striking and fielding also plays an integral part in the summer term and allows both team and individual skills to be developed accordingly.

Pupils will not gain a qualification during key stage three. However the skills and knowledge they acquire act as a pathway to success if they decide to access a qualification in PE at key stage 4 or 5.

	Autumn 1	Autumn 2
Focus/Context for Learning	<p>Basketball: The fundamental skills of passing and dribbling form the main focus in year 7. Shooting in both passive and pressured situations are built into lessons to form the basis of a full game. All the basic laws of the game are taught.</p>	<p>Rugby: Students are taught the fundamental skills within the game such as running with the ball, evading opponents, passing, tackling and rucking. The length of the unit allows boys to make rapid progress regardless of previous experience in the sport.</p>

	Spring 1	Spring 2
Focus/Context for Learning	<p>Health Related Fitness: Students are able to improve components of fitness within this unit. Emphasis is on extended periods of activity whilst informing pupils of the benefits of leading a healthy lifestyle.</p>	<p>Handball: This unit focuses on individual skills such as shooting, dribbling, passing and spatial awareness. Students are taught to develop these skills under ever increasing demands and get the opportunity to play in small sided games.</p>

	Summer 1	Summer 2
Focus/Context for Learning	<p>Tennis: Students are taught the basic fundamental elements of tennis. While developing their skills, they will also have the chance to officiate games.</p> <p>Athletics: Each discipline is taught as an introductory lesson with pupils spending two lessons on each event. The fundamental skills and tactics involved will be taught along with the knowledge of how to measure and record.</p>	<p>Softball: This unit allows students to experience striking and fielding in an alternative sport. Introduction to core skills along with strategy and rules forms the basis of this unit.</p> <p>Cricket: An opportunity to develop batting, bowling and fielding feature in year 7. Time is spent on core skills that help individuals develop as an individual and as a team player. In year 7 we introduce the core skills such as throwing, catching, batting and fielding. They gain an understanding of basic rules of the game.</p>

Religious Education

Focus/Context for Learning	Autumn 1	Autumn 2
	<p>Revelation & Faith Abraham, Sarah, David and Solomon.</p> <p>God's Promises Fulfilled Exile, Return, Annunciation and Visitation</p>	<p>God's Promises Fulfilled Exile, Return, Annunciation and Visitation</p> <p>The Saviour John the Baptist, Beatitudes, Jesus' teachings, Saints, Pentecost</p>
Focus/Context for Learning	Spring 1	Spring 2
	<p>The Church Jesus bids farewell, Pentecost, Stoning of Stephen, Spread of Christianity</p>	<p>The Sacraments Jesus is the Sacrament of God, The Sacrament of Baptism, The Sacrament of Reconciliation</p>

	Summer 1	Summer 2
Focus/Context for Learning	Voltage, Resistance and Current	Particle Model and Separating Mixtures Sound and Light

Show My Homework Parent Guide

We use Show My Homework because...

Show My Homework is a simple homework calendar the school uses to ensure homework is set and communicated with parents across the school. Teachers can use it to set homework quickly and ensure students and parents always have the information they need about homework available via the Web, Mobile and Tablet devices.

We believe that homework is important because good quality homework supports learning in school. It also:

helps to develop independent study skills

encourages students to realise that learning can, should and does occur outside of school

reinforces the partnership between home and school and enables parents to have a stake-holding in their child's learning

significantly extends the learning hours and learning opportunities available to students.

encourages students to see their family, home and community resources as sources of information, ideas & encouragement

Show My Homework

As a school, we will support students by...

making available accommodation such as the school library and ICT rooms on a regular basis, at break and lunchtime

opening and staffing the Library before and after school wherever possible,

providing a daily homework club in the SEN department with assistance if and when required

offering students studying for exams the opportunity to complete homework at school in Study Zone

Students should...

listen to homework instructions in class

visit smhw via the school website

download the apple or android app if they have a smart phone to see their homework

copy down instructions for the task and the deadline date into their journal if this has been requested by the teacher

ensure that homework is complete and handed in to meet the deadline

attempt all work and give their best

inform the class teacher of any difficulties

Class Teachers should...

ensure that homework is set on Show My Homework for all classes

give full and comprehensive instructions

set deadlines for completed work and ensure that they are met.

ensure students are given feedback on their homework in a timely manner

provide help and support where necessary

The role of parents is crucial if a child is to gain success from homework.

To reinforce its value through positive feedback will give students the confidence to persevere, work hard and reach high standards of achievement. Parents can assist by...

making it clear to their child that they value homework and believe it is important in ensuring best progress at school

taking an interest in homework tasks and encouraging their child to give their best

accessing Show My Homework regularly, or using the mobile device app, to track the homework being set

provide, as far as possible, a suitable working environment in which homework can be undertaken successfully

negotiating with the student when homework is to be done as a student's free time is important too

checking the time spent on individual tasks

ensuring that outside clubs do not hamper a child's quality of work and put a child under undue pressure

checking presentation and content of all homework being returned to school

providing the school with information about any problems through the school planner or by contacting the school directly

Parents need a PIN to access their child's details on Show My Homework. These have been sent in the post to all parents.

To request a copy of the letter with PIN and login details, please e-mail enquiries@sta.islington.sch.uk giving your child's full name and tutor group.

Online Learning Apps

Many departments in the school have invested in online learning apps to take advantage of the excellent range of resources available to our students. These are extremely useful to build student's knowledge which can allow them to get ahead, catch up or revise. Some apps enable students to access the course textbook at home (e.g. Kerboodle) which provides a useful resource when completing homework or revising. Others enable students to test themselves on knowledge to build their retention and prepare for assessments.

All Apps can be accessed by going through the Student Hub on the school website.

Using GO 4 Schools, you will be able to view your child's progress online and access the following information at any time:

- **Timetable** – Your child's daily and weekly timetable
- **Attendance** – Shown from the start of the academic year
- **Progress Reports** – Assessment point reports which are published 2 times a year
- **Behaviour information** – A summary of positive and negative events, plus any managed detentions your child has been issued

Your child's page is constantly updated, providing you with the latest information.

You will also have access to this information via a mobile app. Additional help documents for the Mobile App are available to parents and more information can be found at <http://www.go4schools.com/MobileApp.aspx>.

Accessing your Go 4 Schools Account

To access the site, please go to www.go4schools.com and click on the Parents icon at the top of the main page to arrive at the log-in screen. The email address you use to enter the site must be the one we have registered for you on our school system.

To request a password for GO 4 Schools, please click on the 'First-time User' link shown below.

GO 4 PARENTS AND GUARDIANS **GO**

Parent home Login

Welcome!

This is the GO 4 Schools login page for Parents and Guardians

In order to login, you will need to use the email address that your child's school holds for you.

If you don't have a password yet, or have forgotten your password, you can request a password reset email using the [First-time User?](#) and [Forgotten your Password?](#) links.

If you are having problems logging on, please contact your child's school.

Email address:

Once logged in, what will you see?

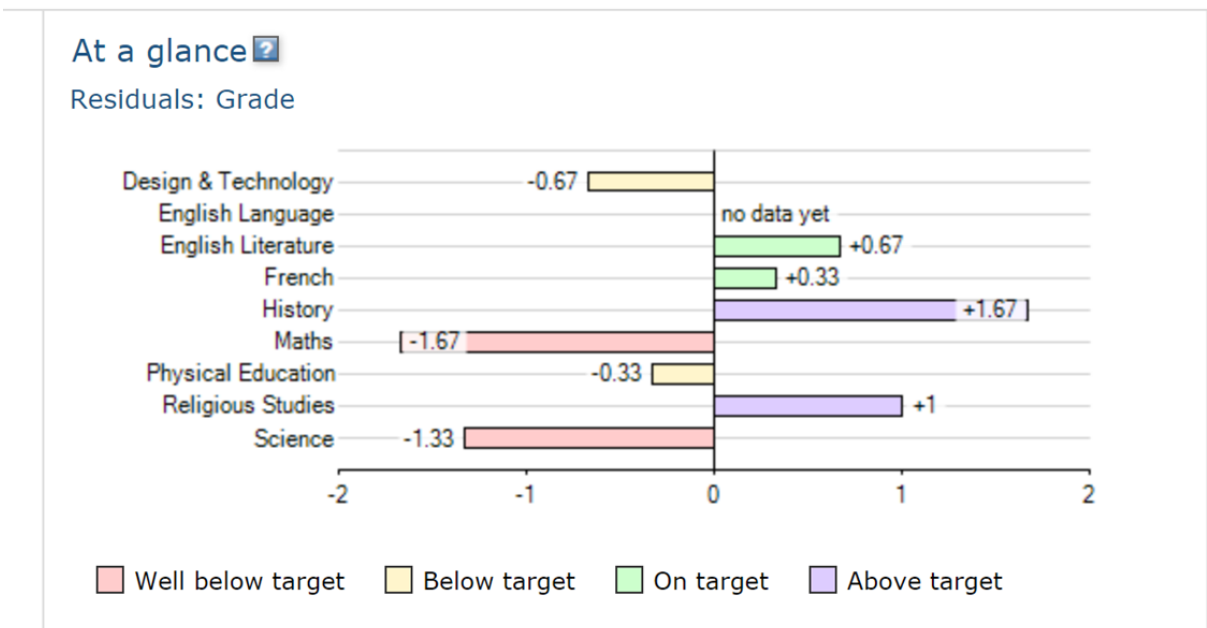

Parent home view

When you log in you will see names of your children that attend the school.

Clicking a child's name will display the information held in GO 4 Schools about them. The top of the page give you these quick links.

At a glance

This is a quick overview of your child's current progress against their target grades for each subject. A value of zero indicates that your child is on target, a negative value indicates below target and a positive value indicates above target

Attendance Data

This information is always shown up to the previous day. Full attendance information, including weekly attendance figures, can be viewed by clicking the 'view detailed attendance link' shown in the yellow box.

Progress Reports

This shows grades for your child as they were captured by reports and compares them against current grades. At the bottom of each report column you can access a report by clicking the 'View report' link. You can then also download and print copies of the reports which will be available for the whole of the year.

Progress and reports

Subject	07 Nov 2018	14 Dec 2018	19 Jun 2019	Current Grade

Communication Settings

By clicking on "My settings" it will allow you to set whether you receive email notifications from GO 4 Schools, as well as show you the default setting the school has set.

My settings

Your login email address is:

Homework

The below table defines the global school settings and if any, the year group settings.

Scope	Email	Notification
School	Enabled	Enabled

Automatic daily summaries of homework are sent every evening after 16:00.

Scope	Email	Notification
Default	Enable ▾	Enable ▾

Behaviour

The below table defines the global school settings and if any, the year group settings.

Scope	Email	Notification
School	Enabled	Enabled

Automatic daily/weekly summaries of behaviour are sent every evening after 18:00, as configured.

Scope	Email	Notification
Default	Enable ▾	Enable ▾

Behaviour update emails

How often should we send you email updates about behaviour events?

If you do not wish to receive updates about your child's behaviour please contact your child's school.

We will send updates only if new events have been recorded by Demonstration School.
