

Creating a Google Account

These instructions offer further support for creating a Google Account. They are designed to assist you if you are using a phone or tablet device to access the Virtual Open Evening event and do not currently have a Google Account.

We estimate it could take you up to 20 minutes to complete this process so please do allow enough time before the event. We recommend you complete this process in the days before the event.

First, please download the free GoogleMeets app from your device's relevant App Store (e.g. Apple App Store, Google Play Store, etc).

To create a Google Account using your current email address:

1. Follow this link to the Google Account Creation page:
<https://accounts.google.com/signup/v2/webcreateaccount?flowName=GlifWebSignIn&flowEntry=SignUp>

2. Click 'Use my current email address instead'

accounts.google.com
