Dear Parents/Carers   26th March 2020

Working together

Thank you for your support this week, both at only sending your child to college if necessary and also with supporting their learning. I am also grateful to staff who have supported the college by attending this week.

In order to ensure that your child has sufficient work to challenge them, we will continue to set work on showmyhomework. To support this we will also be ordering workbooks in core subjects which we hope will be available to you after Easter. In addition, we are exploring the further use of new technology in supporting learning, in particular with Year 10 and Year 12.

The college remains open next week (week beginning 30th March 2020) for the children of key workers and also vulnerable students. Staff will continue to make contact with you also to check that your child is well and is accessing information.

Please do not send you child to the college if they are unwell.

Please ensure that your child takes a packed lunch to the college and plenty of fluids as we will not have access to the canteen for that week. You can use the vouchers made available to free school meal students for this purpose.

Your child is permitted to attend the college not in uniform but the same rules apply to the possession of phones. Your child should remember to wash their hands on arrival and frequently during the day.

In preparation for September, the college will be in touch with you to confirm the options for Year 9 shortly and sixth form offers when there is greater clarity about this process.

Wishing you and your family well.

Yours sincerely

Mr A English   **Ms J Heffernan**
Associate Headteacher   **Executive Headteacher**
