22 January 2021

Dear Parent/Carer,

VIRTUAL YEAR 8 OPTIONS EVENING
Thursday 4th February 2021, 5pm-6pm

This term your son is due to select the subjects he wishes to study for GCSE starting in Year 9 September 2021. We have a series of upcoming events to help you and your son make informed decisions about the optional subjects which would best suit his interests and abilities. Your son will study the Core subjects (RE, Mathematics, English Language and Literature and Science) and three other subjects called optional subjects for GCSE 2024.

You are invited to attend the virtual Year 8 Options Evening at 5:00pm-6:00pm on Thursday 4th February via the GoogleMeet platform.

This is an important evening where you and your son will receive information and guidance regarding:

- The pathways at St Aloysius' College.
- How to select subjects for you
- The process for selecting GCSE subjects
- The online Y8 Options Form

The event will be delivered via GoogleMeets. You must be logged in using the same username and password your son uses to access his GoogleClassroom. If you are unfamiliar with GoogleMeet, please read [these instructions on how to access the event](#).

During your son's 8:30am registration sessions from Monday 25th – Friday 29th January he will be shown video presentations for each of our GCSE subjects to find out more about each. You are welcome to watch these sessions with your son. You will then complete an online Options form and return this to the School by **8th March 2021**. I hope you will find the above event both useful and informative.

Thank you for your continued support.

Yours sincerely,

Ms Kisten
Assistant Headteacher
