Explanatory Notes:

All staff with any financial involvement or responsibility should complete this form annually and are responsible for ensuring that it is updated should circumstances change or an interest develops.

Members of staff and school governors are not permitted to be involved in any decision making related to school purchases of goods and services from themselves, their relatives or organisations in which they or those close to them have significant interest. The school is required to maintain a register of such interests. This form provides a standardised way for staff to declare such interests.

Completed copies of the form will be kept in the Business Manager's Office, along with the register of interests and is open for inspection by authorised persons (e.g. OFSTED inspectors, Internal Audit, Education Officers, etc.)

A significant interest is defined as one in which the individual stands to gain substantial direct or indirect reward from a transaction made with the school. Owning a firm that makes supplies to the school would qualify, whereas owning a low number of shares in a company would not. Most interests fall between these extremes.

St Aloysius' College: Declaration of Pecuniary Interest

In deciding whether an interest should be registered, ask yourself:

- a. Is the interest significant?
- b. Does the interested party stand to gain direct or indirect reward from a transaction with the school?
